

Limestone was recently selected for the design of the Escobedo Construction offices in Buda, TX. Light-gray Antique Lueders limestone from Continental Cut Stone of Florence, TX, was utilized for flooring throughout the office space, and the same material was also used on the walls and for the main stairwell. Additionally, the baseboard features Cedar Hill Cream limestone from TexasStone Quarries of Garden City, TX. **Designer/Contractor:** Escobedo Construction, Buda, TX; **Stone Suppliers:** TexasStone Quarries, Garden City, TX (Cedar Hill Cream limestone); Continental Cut Stone, Florence, TX (Antique Lueders limestone)
